SUMMER SCHOOL: Summer school begins on June 26 for all grades. You will receive an auto-dialer to inform you if your student(s) have summer school and it will be on report cards as well.

To the class of 2017

Congratulations to the entire Class of 2017! Enjoy your summer and we wish you good luck in all that you choose to do!

To the class of 2018

We look forward to an exciting year with the Class of 2018. There will be an informational letter sent home in the August mailer about Senior/Parent Meetings and tips on preparing for a successful senior year. We will be at school during the summer so feel free to call or stop by if you need help with colleges, essays, or scholarships.

Message from the Director, Dr. Reginald Kirkland

As the end of the academic year draws closer, so do finals! We would like to take this opportunity to remind you that the SABIS® On-Demand Tutoring is an extremely useful study support tool that is available at your children's fingertips! SABIS® On-Demand Tutoring is a set of online video tutorials that teach concepts from all grade levels and in most subjects. Video explanations mirror the proven SABIS Point System® of instructions beginning with a clear explanations, concept application, and solutions to exercises. ODT can be accessed through the SABIS® Digital Platform.

By using ODT students are able to study and review concepts studied in school independently, as well as request further assistance from the SABIS Student Life Organization® (SLO®).

We encourage you to access the ODT with your child and gain from the many benefits this feature has to offer. To access the ODT, visit digitalplatform.sabis.net and log into your account. Do not hesitate to contact us should you have any questions.

END OF THE YEAR REPORT CARDS will be mailed home the week of June 26th. The report card reflects each student's end of the year numerical grades for each subject. In addition, for grades 1-6 the students' behavior in school is communicated in the Student Code section of the report card. In grades 7-12, each report card has management and academic points earned through Student Life. A summative comment regarding the attitude, progress, and behavior is included at the bottom of the report card for each student. Please review the report card carefully! More importantly, please review the report card with your child and discuss areas of improvement and successes.

Message from the Director, Dr. Reginald Kirkland, continued...

Last Saturday, we said good bye to the 2017 Graduating Class, and we are now preparing for final exams. It is my hope that you each have a wonderful summer. Even if much of your time will be spent barbequing, playing sports, and maybe even getting away for vacation, I am also encouraging you to spend some of that time with a good book or two.

Message from the AQC's

As we approach the beginning of the summer months, we don't want your student to forget about the wonderful gains that they have made in reading since the beginning of the year. Many students continue to be deeply involved in the Accelerated Reader Program here at I.A.F. Many students are regularly reading books and taking computerized quizzes as they challenge themselves to read at and above their level.

Parents and teachers often worry about the perils of "summer slump". Students spend 12 weeks away from school over the summer and then come back in September seeming behind where they left off in June. Therefore, reading is a great way to assure these children "exercise" their brains over the summer.

We have also included information about the Flint Public Library.

Here is the information for **Flint's Main Library HOURS:**
